LETTER SENT BY EMAIL

Aloha, Director Atta.

The Save Sharks Cove Coalition is in complete support of the language and requests and intention made by Senator Gil Riviere in the January 11, 2016 letter to your office.

Quoting Senator Gil Riviere's 1/11/16 Letter (to : C&C DPP Director George Atta)

"It is indisputable that the developer is building one unified project across these three parcels. As such, the project segmentation circumvents the spirit and the letter of Coastal Zone Management and the City and County of Honolulu SMA rules, and it clearly violates H.R.S. Chapter 343. An SMA Major Permit, an Environmental Assessment, Traffic Impact Analysis Report, and community meetings are all appropriate and required by any reasonable standard for this Hanapohaku Project."

We look forward to your agency supporting the community concerns and compelling this unified project to go through the process specified by Senator Gil Riviere's letter.

If necessary, Please contact us by
